

6516208306.txt

to whom it may concern: we pay to have this service. We can listen to traffic in different citys and plan our trip accordly, so we don't get stopped in traffic and waste alot of time. we can listen to the weather in a town we are headed for and know whats up for that town.

Please reject NAB petition 04-160.

XM does a great service for the truck-drivers out here that pay for this service.

Thanks Judy A Geroux
